Product Description:

The bags are highly versatile and can be used for a variety of packaging purposes, including Drugs & Medical supplies, CD / DVD, Watches, Photo supplies, Craftwork, Catalogues, Spare parts, Phones, Pagers, Cosmetics, Books, Certificate & Report, etc.

The Aluminized Film Bubble Bags are made with a thickness of 180GMS~220GMS, which can be customized according to the specific needs of the user. Provides great tear and puncture resistance, this ensures that protect the goods from damage during the delivery.

The bags are designed with a ziplock feature, which makes them easy to open and close. This feature also ensures that the contents of the bag are secure and protected from external elements such as dirt, dust, and moisture.

Overall, the Aluminized Film Bubble Bags are an excellent option for anyone looking for a reliable and durable packaging solution. They are highly versatile, providing excellent heat insulation, moisture resistance, and shock resistance. They are also customizable, ensuring that they can meet the specific needs of any user.

Packing and Shipping:

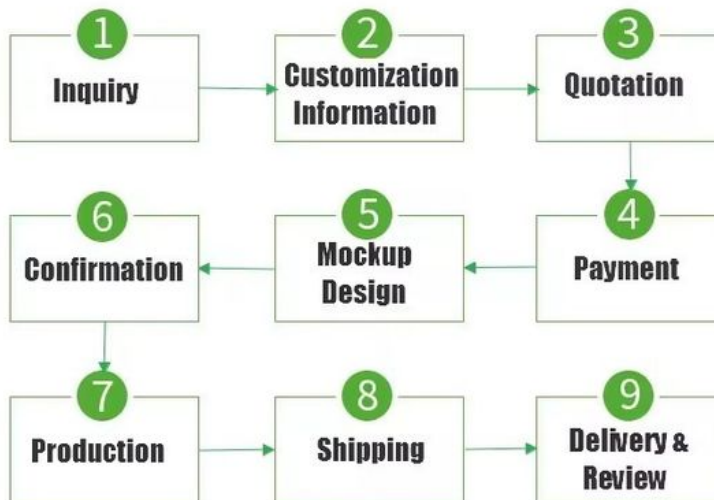

Product Packaging:

The Aluminized Film Bubble Bags are packed in a durable cardboard box to ensure safe and secure delivery.

Shipping:

We offer free shipping on all orders of Aluminized Film Bubble Bags. Orders are typically processed within 1-2 business days and shipped via standard ground shipping. Delivery times may vary depending on the destination, but most orders arrive within 5-7 business days.

Please share information about Quantity, Size, Material and Processing for customization

FAQ:

Q: What materials can you offer for bags?

A: Most poly bags are made of PET, PE, Kraft paper, Bubble. We provide varieties of laminate materials to suit different application and cost requirements.

Q: What is the minimum quantity of bags?

A: The MOQ is negotiable. You can inform us of your specific customization requirements. We will inform you of the MOQ according to your requirements

Q: Can I get a sample before I order?

A: We have two ways to provide samples One is the existing bags we have made for your reference. You only need to pay the freight for this sample. The other is to make the bag according to your requirements. We will calculate the sample fee according to your requirements.

If you have any questions, please contact us and we will get back to you when we see your message.
