Product Description:

Our Express Delivery Bags come in multiple sizes, making them customizable to fit your specific needs. Whether you're shipping small items or larger packages, we have a size that will work for you. And if you can't find the perfect size, we can even create a custom size just for you!

Not only are these bags strong and customizable, but they are also recyclable and waterproof. So not only are you doing your part for the environment, but you can be confident that your items will arrive in perfect condition, no matter what the weather conditions may be.

But that's not all - our Express Delivery Bags are also customizable with your own personal touch! Add your own logo or design to create custom packaging bags that represent your brand and leave a lasting impression on your customers. Personalized logo bags are a great way to increase brand recognition and customer loyalty.

So if you're looking for a reliable and customizable solution for your express delivery needs, look no further than our Thickened Plastic Mail Bags. With their strength, durability, and customizability, you can be confident that your items will arrive safely and securely, while also representing your brand in a professional and personalized way.

Applications:

The KDD-15 bags are self-sealing and waterproof, ensuring that your package remains safe and secure throughout its journey. This makes it an ideal solution for those who need to send documents, clothing, or other items that require protection from the elements. The waterproof courier bags are perfect for shipping products during the monsoon season or when shipping to areas with high humidity.

Our Express Delivery Bags are made of high-quality materials and are designed to withstand the rigors of the shipping process. They are constructed with a 12 silk thickness, ensuring that they are durable enough to withstand the weight of your package without tearing or puncturing.

These Custom Packaging Bags are perfect for a variety of occasions and scenarios. They can be used by small businesses for shipping products to customers, by individuals for sending gifts to friends and family, or by corporations for sending important documents. The bags are customizable, making it easy to add your company logo or other branding elements.

Our Express Delivery Bags are available at a negotiable price, and the minimum order quantity can also be negotiated. They are packaged in cartons, but we can also provide customized boxes for those who require a more bespoke packaging solution. With a supply ability of 200000 pieces per day, we are confident that we can meet your needs.

Packing and Shipping:

Product Packaging:

The Express Delivery Bags product will be packaged in a sturdy, corrugated box to ensure safe transportation. The bags will be wrapped in protective material to prevent any damage during transit.

Shipping:

Orders for the Express Delivery Bags will be shipped via express delivery services to ensure speedy delivery. The shipping cost will be calculated based on the weight and destination of the order. Customers will receive a tracking number to track the status of their shipment.

FAQ:

Ask: Can I put my logo on it, full colors all sides are OK?

Answer: Of course, you should provide us your artwork in clear AI or PDF. Then we can make mould and print the design on the bag.

Ask: Could I use the color I like most?

Answer: Sure, the color is optional (as per pantone color).

Ask: I want to make the sample, how about the cost?

Answer: It depends on the bag size and printing logos, we calculate the sample cost.

Ask: How can I get the sample?

Answer: Usually we use the Courier service, you should pay the sample fee first, then it will take 3-5 days (depends on the distance) to reach your place.

Ask: What is the packing detailed information?

Answer: regularly 100pcs/polybag. We can also as per your special request. Such as single packing, inner box and so on.

Ask: How to ship goods to us?

Answer: usually FOB Shenzhen/Guangzhou and CIF your port. EXW is also OK. Shipping by sea, by air, by express are no problem.

Our goal is to ensure that our customers can rely on our bags to meet their delivery needs. If you have any questions or concerns, please do not hesitate to contact our technical support team.
