### Product Description:

The zipper top seal ensures that the contents of the bag remain secure and protected from external elements. This feature makes the bags perfect for storing food, as they keep the contents fresh and free of contamination. In addition to this, the zipper top also makes it easy to access the contents of the bag, making it a convenient storage solution. Each pack of zipper bags contains 100 pieces, making it an ideal option for businesses that need to store or transport products in bulk. The bags are also waterproof, which further adds to their versatility. This feature makes them perfect for storing items that need to be protected from water damage such as electronics or documents.

One of the great features of these bags is that they can be customized with a logo of your choice. This makes them an excellent marketing tool for businesses that want to promote their brand. One of the most popular product application scenarios for these zipper bags is for custom fashion shoe bags. These bags are perfect for protecting shoes during transportation or storage, and the secure ziplock seal ensures that the shoes stay clean and protected. Another popular application is for custom apparel packaging. With the ability to add a customized logo, these bags are not only practical but also a great way to increase brand awareness and visibility.

These zipper bags are manufactured in Guangdong, China and have a minimum order quantity that is negotiable. The price is also negotiable, making them a cost-effective option for businesses of all sizes. The packaging details can be customized to meet the specific needs of the customer, whether that be packing by carton or a customized box for the bubble mailer.

### Shipping:

Custom zipper bags will be shipped after the production is completed, and the transportation time varies according to different transportation methods and locations. Expedited shipping options are also available for an additional fee. All shipments are tracked, and customers will receive a tracking number via email once their order has been shipped.
