Product Description:

The Poly Bubble Bags come with a self-sealing closure type, making them easy and convenient to use. You don't need any additional equipment or tools to seal the bags, which saves you both time and money.

The Poly Bubble Bags are also customizable, thanks to their silk screen printing and gravure printing options. You can add your logo, design, or any other information that you want to convey to your customers on the bags. This makes them an excellent marketing tool for your business.

With a thickness of 140gsm, the Poly Bubble Bags are strong and durable. They can withstand the rigors of shipping and handling, ensuring that your items stay safe and secure. The bags are perfect for a wide range of items, including electronics, jewelry, cosmetics, and more.

Whether you're a small business owner or an individual looking for high-quality packaging bags, the Poly Bubble Bags are an excellent choice. With their puncture-resistant feature, self-sealing closure type, and customizable options, these shipping bags are a must-have for anyone who wants to ensure their items arrive safely and securely.

Support and Services:

Poly Bubble Bags are a type of packaging material that provides cushioning and protection for fragile items during shipping and handling. They are made of polyethylene material with air-filled bubbles that absorb shock and prevent damage.

Our technical support and services for Poly Bubble Bags include:

Assistance with selecting the appropriate size and thickness for your specific needs

Information on proper usage and handling to ensure maximum protection for your items

Troubleshooting any issues or concerns you may have with our product

Customization options to meet your unique packaging requirements

Our team of experts is dedicated to providing you with exceptional service and support for all your Poly Bubble Bag needs.

Packing and Shipping:

Product Packaging:

The Poly Bubble Bags will be packaged securely in a plain cardboard box to ensure that they arrive in excellent condition.

Shipping:

For international orders, shipping fees will be calculated based on the destination and weight of the package.
