Product Description

Product Description:

Our Degradable Shipping Pouches are designed to break down over time, reducing the negative impact on the environment. As a result, they are the perfect solution for companies looking to reduce their carbon footprint and make a positive impact on the environment. These bags are not only eco-friendly but also durable, ensuring the safety of your products during shipping. The LDPE/HDPE plastic material used in the bags is tough and strong, making it resistant to tearing or puncturing, ensuring your products arrive at their destination safely.

Our Biodegradable Courier Bags are perfect for companies looking to reduce their environmental impact while ensuring the safety of their products during shipping. The bags are eco-friendly, durable, and designed to break down over time, making them the perfect solution for companies looking to make a positive impact on the environment.
