Size	Various Sizes Available

### Applications:

Introducing the HuanQiu KJKD-26 Biodegradable Courier Bags, the perfect solution to your shipping and mailing needs. Our courier bags are made from eco-friendly materials and are certified D2W, making them the perfect choice for environmentally conscious businesses. With a minimum order quantity of 10000, our bags are perfect for small businesses and large corporations alike.

Our Degradable Shipping Pouches are designed with tear-resistant material and strong bearing capacity, ensuring that your products arrive safely at their destination. With a thickness of 12 microns, our bags are durable and can withstand the rigors of shipping and mailing.

Our Biodegradable Courier Bags are waterproof, ensuring that your products are protected from moisture and other environmental factors during transport. They are also easy to use, with a self-sealing adhesive strip that allows for quick and easy packing.

Our bags are suitable for a wide range of product applications, including clothing, accessories, electronics, and more. They are ideal for shipping and mailing, whether you are sending products domestically or internationally.

At HuanQiu, we pride ourselves on our ability to meet the needs of our customers. With a supply ability of 200000 pcs per day, we are able to accommodate orders of any size. Our bags are packaged in woven bags or cartons and can be delivered within 7-18 days of placing your order.

Our payment terms are also flexible, with a TT 30% initial deposit and 70% balance of payment before shipping. Price can be negotiated depending on order quantity and other factors.

Investing in our Biodegradable Courier Bags is not only a smart business decision but also a responsible one. By choosing our bags, you are making a commitment to sustainability and reducing your carbon footprint.

### Packing and Shipping:

#### Product Packaging:

Our Biodegradable Courier Bags are packaged in a set of 50 bags per box. Each bag measures 12 inches by 16 inches. The box is made from recycled cardboard and is fully recyclable.

#### Shipping:

We ship our Biodegradable Courier Bags worldwide. Shipping rates vary depending on the destination and quantity ordered. Orders are processed within 1-2 business days and typically take 3-5 business days to arrive within the United States. International orders may take longer depending on customs clearance.

## FAQ:

---

### 1. About Material

Q: What is the bag made of?

A: Our bags are made from degradable materials with D2W eco-friendly technology, allowing them to break down naturally in the environment.

Q: How is it different from regular plastic bags?

A: Regular plastic bags take hundreds of years to decompose, while our bags degrade naturally within 12-36 months, making them both eco-friendly and practical.

### 2. About Product Performance

Q: Are these bags durable? Will they tear easily?

A: Don't worry! Our bags are specially treated to have 3x the tear resistance of regular bags and can hold up to 20kg, making them suitable for various logistics scenarios.

Q: Are they waterproof? Can they be used in rainy weather?

A: Absolutely waterproof! The bags have a waterproof coating to protect your items from moisture, even on rainy days.

### 3. About Eco-Certifications

Q: Are these bags truly eco-friendly?

A: Yes! Our bags come with relevant certifications, which you can review at any time.

### 4. About Customization

Q: Can we print our company logo on the bags?

A: Of course! We support custom logos, colors, sizes, and thicknesses to help you create branded packaging.

Q: Is there an extra charge for customization?

A: Customization costs depend on your specific needs (e.g., colors, quantities). We'll provide the most cost-effective solution.

### 5. About Pricing and Minimum Order Quantity

Q: What is the minimum order quantity?

A: The minimum order quantity is 10,000 pieces, ideal for small and medium-sized businesses.

Q: Can the price be lower?

A: We offer tiered pricing—the larger your order, the lower the unit price. Contact our customer service for details.

### 6. About Delivery Time

Q: How soon can you ship after ordering?

A: Typically, orders are shipped within 7-18 days, depending on the order volume and customization requirements.

Q: Can you expedite production?

A: Yes, expedited production is available but may incur additional fees. Contact customer service for details.

### 7. About Usage Scenarios

Q: How much weight can these bags hold?

A: The bags can hold up to 20kg, making them suitable for documents, clothes, books, small electronics, and more.

### 8. About Environmental Impact

Q: Can using these bags really reduce pollution?

A: Absolutely! Every 100,000 bags used reduces the use of 3.2 tons of traditional plastic, making a significant environmental impact.

### 9. About After-Sales Service

Q: Can we return or exchange the bags if there's an issue?

A: Yes, we offer comprehensive after-sales service. If there's a quality issue, we support returns or exchanges.

### 10. About Brand Collaboration

Q: We're a large enterprise. Can we collaborate long-term?

A: Welcome! We support long-term partnerships and offer customized solutions, preferential pricing, and priority production for large clients.

Q: Can you provide samples?

A: Yes! We provide free samples for you to evaluate quality before bulk ordering. For custom samples, please discuss details with our customer service.
